

AMG Logistics

> CASESTUDY

THE BACKGROUND

AMG Logistics are a logistics provider based in Birmingham that has established a good reputation over the last 20 years. The business has recently grown at a phenomenal rate, which resulted in a move to a new purpose built location.

This new location supports continued growth while allowing room for expansion, with over 50 staff working on site.

THE BRIEF

AMG Logistics wanted their new location to look professional and smart, while incorporating internal advertising. They also wanted to ensure maximum safety with matting in their warehouse and in other working locations.

THE SOLUTION

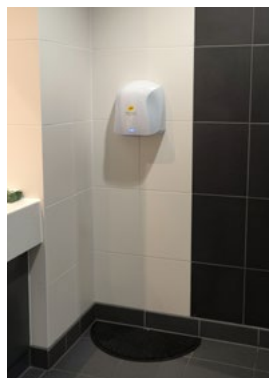

To achieve a professional atmosphere, **phs** worked with AMG Logistics to create custom logo mats. These have been used to create a welcoming first impression in the main reception area while reinforcing brand awareness. These logo mats were installed in an entranceway matwell, which acts as a first line of defence against dirt and moisture.

In the warehouse, comfort anti-fatigue mats have been installed to boost employee wellbeing. In washrooms, hand dryer mats have been added to absorb moisture and reduce the risk of slips and trips.

Overall, a complete matting solution was provided across the whole of the building to meet the needs of AMG Logistics and its employees. These mats were all supplied by **phs** and are fully serviced, which means they will be regularly cleaned and maintained by a team of expert technicians.

“ Many visitors to our site have commented on how impressive the customised mats are in the reception areas. With staff also commenting on the high standards of all mats and their regular changing for cleaning. I don't think we could have done this without the help of **phs**. ”

**Andrew Griffiths, Director,
AMG Logistics**
